

## ***Perry Rotary Club – The Rase Report for February 15, 2007***

Today's guest was TJ Woodard, a fellow funeral director and friend of **Kathy Miller**. Celebrating birthdays were **Bob Briggs** and **PP Moxie** (I think his 2nd or 3rd this year), both getting ice cream a song and a fine of \$2.

**Pres. Fred** called on **PP Daryl** to help explain a recent large sale. It was obvious that some rat fed **Pres. Fred** some bad info as **PP Daryl** pleaded complete ignorance.

**Lorraine** was fined for reporting that **PP Roy Griswold** did "something." Somehow **PP Roy Humby** turned into **Roy Griswold**. **Lorraine** admitted that she was no editor and that writer de jour, **Cindy Hendrickson**, should share it. She did, \$2 each and \$2 more for **Lorraine** after **PP Hoover** snuck a **wet napkin** in place just in time! She tried to pay him back later but just wasn't quick enough though **Randy White** tried to instruct her from the next table.

**Jane Monaghan** admitted to fining fellow lawyers at a continuing education seminar if anyone's cell phones went off during her talk. She brought back a rubber cell phone "stress reliever" for **Pres. Fred**. Fellow lawyer **PP Mike** was overheard that he must have missed the memo concerning attendance requirements to said conference. **Jane** was fined \$5 for not sharing info with **PP Mike**.

**PP John McClurg** has returned!!

**John** snuck out of Perry the day after wife **Judy** was injured. He reported that he heard she is recovering. **John** went to Las Vegas for a convention, came home for 2 days and left for Daytona. He did bring back some interesting gifts; a year's supply of shampoo for **P. Fred**, collector auto pins and as he explained, a "throw back" hat (IH Tractor emblem). **PP Daryl** upon seeing that said it was worthless then and even more so now, i.e. the term throw back or throw away. **PP John** gone 10 days...\$10.

**John Wheeler** finally admitted after being squeezed hard that son **Adam** has become engaged to a young lady from Livonia, **Katie Kress**. As

this writer has seen her play basketball for several years (she scored about 1300 points in her career), I think **Adam** just slipped down to second place on the backyard game of horse. **Pres. Fred** took pity on **John** and paid the \$5 fine. With sectionals starting next week I think he'll make it up on daughter **Megan**!

**PP Hans** announced that there will be another Farmer Appreciation night scheduled for 4/22 at Peter's in Mount Morris. More info to follow.

**Don O'Geen** was fined for buying new tires at Sedams, but because **PP Wes** couldn't tell whether summer or winter air was put in them, he paid the fine

Our speaker today was new/old member **Terry Murphy**. He gave us an update on his past life in Perry, college life, being the youngest mayor ever

elected in the state (since broken) and then spoke on his duties as Village Manager/Administrator. He admitted that some things haven't changed at all. PP Phil Cowie still causes way too much trouble at Rotary meetings, PP Moxie is still having birthdays and PP Roy, who was on the board during Terry's Mayoral term is back again and still won't give Terry any money to spend!
