

## *Henscratchins' from Perry Rotary Club's Feb. 28, 2008*

Missing her gavel, Queen Donna wondered who was to blame? Just this past week, she received a postcard from her missing gavel; very poetically written, stating that IT had been touring the 'Big Apel!' Immunity goes to the turncoat!

Visiting guests include Bill Domes from Arcade, and Jeff's daughter, Kelsey Rase.

Spaghetti dinner, Mt. Morris Rotary, Mar. 8, between 5–8 pm.

Ann Burlingham has a new walking stick. It seems she slipped, not on the ice and snow, but rather on the grass and mud, hence the big stick. \$1 for her phone ringing . . . and ringing. She was wished a quick recovery. Ann then confessed to being in 'The Big Apple' herself, and visiting the Empire State Building. Nearly missing the back of Lew's head, she used her big stick to help deliver her gifts to the Queen, bringing the fine up to \$8.

Randy White, upon his return from Maui, brought QD a grass skirt, a flower for her hair, a beautiful bead lei, pineapple glasses, and an authentic (too small) coconut bra! A hula dancer for her dash completed the gifts. 2 weeks earned Randy a \$10 fine for the whale watching, scuba diving, etc.

Lindsey, Coach Kirkgasser's granddaughter, was named to

the Alternate BB team! The Avon Braves, Number 5 seed, beat Canisteo, Marion, and then Honeoye by 16! Coach paid \$20 to be very proud!

PP Hans Kunze has a niece who plays basketball for the Pavilion Gophers girls team. Gus was brought up from JV to play Perry. Hans is very proud of her, costing him \$10.

PP Jeff Fitch informed QD there is a \$5 fine per week for missing her gavel! QD questioned PP John McClurg, who, after consulting with his attorney, PP Mike Kelly, confessed to drinking a fifth.

Our program today was Mark Person, the Athletic Director and Assistant Principal at Letchworth. He described how 'Pigskin Cardball' began. Norm Abrams, an 80-year-old young-at-heart began creating the card game as an alternate to going outside. He started with a deck of 52, and the first edition, Mark explained, needed a lot of help. Mark helped him with the offensive and defensive plays. Mark also added that the Bears Franchise could benefit from Lorraine's tactics to improve their standings. He told us that the games lasts about 45 minutes, and can be quite intense. The card game can be purchased at [www.pigskincardball.com](http://www.pigskincardball.com) for \$10 a deck. Using the code 001 will give you a \$1 off. Thanks, Mark, a great program!
